Obridge Academy is an accredited secondary school that offers a challenging course of study for students in grades six through twelve, with additional Honors options and opportunities to take college level courses for credit. Our goal is to provide students with an effective enrichment program consisting of quality content and guidance provided by credentialed teachers. We provide honest advice and realistic expectations for each of our students, giving them all the necessary tools to succeed. With over a decade of experience in teaching and supporting students, we are confident in our course offerings and tutoring support in English, Math, History, Science, foreign language, music, and art as well as standardized exams (AP, ACT, PSAT, SAT, SATII). Our teachers are passionate about their respective areas of study and motivated to challenge students with higher-order thinking skills that will help them succeed in and beyond the classroom.

Teachers

Most of our instructors are licensed teachers who are currently teaching or have taught in Long Island or New York City. Through consultation with current in-classroom teachers as well as feedback from our students, our curriculum is continuously evolving to meet and exceed district standards and education department expectations.

Tutoring Sessions

Obridge offers several options for tutoring to meet the unique needs of our students. Whether a student needs tutoring for a single subject, or a combination of subject tutoring with test prep, we can create customized packages that meet varying needs. Sessions are held either in-person in our classrooms in Hicksville, NY or via live, virtual sessions online with our teachers.
